1	Anthem has not taken new clients since 2007. They claim the providers on their site do not get enough referrals to substantiate hiring additional providers. I told a customer representative that several of their providers have either passed away or retired. They indicated that it is the responsibility of the provider to disenroll!!	5/11/2017 3:07 PM
2	Other issues listed also apply	5/11/2017 12:01 PM
3	I do NOT want to get on insurance panels. I hope to be able to market without them. They need to go away in general.	5/11/2017 10:35 AM

6	They do not pay enough for it to be cost effective.	4/29/2017 1:18 PM

8	too long on phone, given wrong benefits information, not able to talk to alive person, poor customer service and staff that have no authority to resolve issues or claims delays.	4/26/2017 6:59 PM
9	Too much time required to verify eligibility; you can be an Anthem provider and find out that the patient's plan is some segment of Anthem you're not contracted with and therefore claims are denied. I don't have time to call for clients and check benefits. We aren't reimbursed sufficiently to have a billing department like doctors.	4/26/2017 6:09 PM
10	Not licenced long enough.	4/26/2017 4:18 PM
11	Has negative impact on clinical issues.	4/25/2017 10:48 AM

15	just joined first panel. Will report next year on any problems!	4/23/2017 9:54 AM
16	contracts are very long and unintelligible; difficult to get an exact reimbursement rate for the various plans; when i bill my customary rate, they reimburse at a lower rate claiming the plan and copay, fine, when i bill at the rate they say they will pay, they reduce that by the copy amount, stupid!!! I often can't get a clear answer regarding coverage; when i asked for assistance in getting my client into a higher level of care (more sessions per week and psychiatry) i was transferred to the DMH Access line who gave me the names of clinics saying that the child and mother could walk in during business hours to get services, they did that and were told not only that walk-ins were not an option, but that clinic could not serve them at all!! a ridiculous run around. The mother finally did connect with a Wrap program that accepted them, but her insurance was useless in finding it, even as they cover the cost!	4/23/2017 7:48 AM
17	I've recently gotten out of insurance panels and am now on one only and want to get off.	4/22/2017 1:48 PM
18	Expectation of adding new clients or being told termination from insurance company was the consequence if not accepting new clients.	4/22/2017 11:29 AM

28	I'm on 6 or 7 panels but receive referrals for only 2 or 3.	4/21/2017 6:05 PM
29	This question is overly negative and skews the date. I have worked with managed care companies successful AND WITHOUT PROBLEMS for over 12 years. People who have problems with managed care companies have not taken the time to learn how to deal with them. I am very grateful for managed care and would not have created a successful private practice without them.	4/21/2017 4:23 PM
30	I stopped accepting ins	4/21/2017 4:06 PM
31	I want no part of them. I find them intrusive to the psychotherapy work and irrelevant to healing goals.	4/21/2017 3:53 PM

33	reimbursement so low am considering giving up my whole professional career	4/21/2017 3:06 PM
34	Overwhelming trying to get credentialed	4/21/2017 2:59 PM
35	All of the above from research with colleagues. I am new in practice, late-entry therapist, and do not have time to deal with all of this to build my practice on. Single payer or no use for me.	4/21/2017 2:38 PM
36	Denial that the client has insurance with the insurance company. Beacon denies that about half of the clients I bill for have insurance with them. I have to do extra paperwork to dispute that finding. But it always turns out that they indeed do have insurance with Beacon which delays payment sometimes up to 6 months. I have hired a billing company now. They said online it shows the client doesn't have insurance, but if you call they say the client does.	4/21/2017 2:35 PM
37	Time spent contacting insurance companies for denied claims, generally have to speak to multiple people to resolve one problem.	4/21/2017 2:33 PM
38	I don't understand the process of getting on insurance panels.	4/21/2017 2:13 PM

1	I find CAMFT to be an organization that I continue to support and participate in, I've been highly disappointed by my attempts to reach the legal team. I've called on two separate occasions needing legal and ethical advice and receive no calls back. Highly disappointed. I have had other colleagues have similar experiences in the past. I would like to add that this phone call was done about a year ago so I'm hoping that if I ever need to call in the future I will get a call back.	5/14/2017 7:12 PM
2	Camp needs to address insurance companies regarding pay, receiving payments in a timely manner, assessability of health care organizations, giving correct information and in a timely manner, informing providers with the process of referring clients.	5/11/2017 3:50 PM
3	Continue advocacy for managed care rate increase to MFT's	5/11/2017 12:25 PM
4	Things I would like from Camft: 1. Help MFT's become Medicare providers -- my clientele is aging, I should be able to continue treating them and also get paid! 2. Find moderately priced, comprehensive health care group insurance plan for members of Camft.	5/11/2017 12:07 PM
5	I think the cost of CAMFT has become too expensive.	5/11/2017 9:55 AM
6	Nearly quit CAMFT over its unethical lack of a strong stand against trauma-inducing conversion therapy.	5/11/2017 9:54 AM
7	My current income will change when I leave the job at the school on June 1. Then I will be open for more private practice clients	5/3/2017 5:26 AM
8	Some of the questions did not offer the options of "I don't know" or other applicable options (I can't remember now)	5/1/2017 9:48 PM
9	The left-leaning position of The Therapist, CAMFT Community, and PACs to not represent me as a member.	5/1/2017 2:20 PM
10	Health Insurance question did not give my option. I am on Medicare with supplement with HealthNet	4/29/2017 1:45 PM
11	Greater reimbursement from insurance companies would be a plus. Kicking professionals off the panels that don't take new clients in a timely manner would be helpful to those of us that would like to get on more panels.	4/27/2017 7:00 AM
12	The practice of maintaining lists and limiting the ability of a LMFT to participate is not in the public interest. It limits their free choice. Do something about this to open all panels to all therapists.	4/27/2017 5:09 AM
13	90% of my referrals come from North L.A. County Regional Center and I work with mostly children/teens/young adults on Aut.Spectrum in groups.	4/26/2017 9:50 PM
14	Very disappointing how CAMFT does not appear to be open to therapists who are conservative in their religious or political views. There seems to be one liberal direction for the association, and anyone who is not liberal in their views is immediately judged and condemned by the community. The only things I appreciate about CAMFT are the magazine and the opportunity to consult with legal questions with certain members of the legal staff.	4/26/2017 9:33 PM
15	CAMFT sends too many emails, would be better if it was a once weekly digest.	4/26/2017 7:46 PM
16	I would really like to see MFT's advocate for better pay collectively; I deserve a lot more money for the responsibility I have and the way clients depend on me whilst in treatment	4/26/2017 6:28 PM
17	You didn't ask about extended session times and fees	4/26/2017 4:46 PM
18	When you ask questions that start with "do you and/or your employer", it makes it hard to answer accurately, since my employer and I (in private practice) make different choices.	4/26/2017 4:42 PM
19	How can we get more personal referrals from CAMFT Counseling CA website?? I have never gotten any...	4/26/2017 4:16 PM
20	LMFT professional organization's need to spend more time and energy in promoting MFT issues and MFT's standing in the mental health field (as opposed to promoting LPCC's). Also need to provide more support and resources for seasoned clinicians/private practitioners.	4/25/2017 11:08 AM
21	I would like to see CAMFT actively seeking to partner with AAMFT to give better national representation, as well as seek to have more states accept the CA Licensing Exam as equal to theirs for easier ability to relocate to other job markets.	4/23/2017 10:10 PM
22	This survey took much longer than 15 or 20 minutes for me to do thoughtfully. The questions were interesting. There were places where "do not apply" needed to be.	4/23/2017 4:33 PM
23	A few questions required an answer when none applied which, I believe, will skew results.	4/23/2017 3:56 PM
24	The amount of fees you ask that licensed people and interns charge are too low. The amounts should be in increments up to \$300	4/23/2017 1:29 PM
25	Keep up the good work and increase push to include MFT's in Medicare reimbursement.	4/23/2017 12:42 PM
26	I'm newly licensed, so many of my answers reflect a very short time span. in addition, I just joined my first insurance panel -- I literally was accepted a couple of days ago -- so I have no experience yet to evaluate.	4/23/2017 11:41 AM
27	The Therapist graphics are amateurish.	4/23/2017 10:57 AM
28	Thank you for all that you do!!!	4/23/2017 10:07 AM

30	again - Would like to have CAMFT conferences/ workshops available online because I am no longer physically able to attend live conferences/workshops	4/22/2017 9:02 PM

31	I was a C.E.U. provider via the BBS for many years. Also, an NBCC provider for several years. I recently let go of my AAMFT Approved Supervisor designation. I recently let go of my CAMFT Certified Supervisor designation. I found manage health care insurance companies to be a very unsatisfactory relationship. I was an out of network provider for several insurance companies over the years and found it very satisfactory for both the patient and myself.	4/22/2017 1:43 PM
32	this questionnaire was too long. a lot of questions didn't fit my job, as a clinical supervisor at a nonprofit.	4/22/2017 12:19 PM
33	Please reinstate classified ads in The Therapist. I had a bit of difficulty responding to some of the questions, since many required a very all or nothing response. In some areas, how I work with clients depends on the situation and the client. My usual fee for couples and family work is based on a minimum of 90 minutes for more than one person in the room. Since I don't work with insurance companies, I can set (and get) that fee. But there was no option for this possibility in the question, so I just translated "hour" into "session." I'd suggest that each question that could potentially have an individualized response have an "other" option.	4/22/2017 9:42 AM
34	none	4/22/2017 9:41 AM
35	I would like the option to answer "other" and explain to accurately answer when none of the answers fits, also to uncheck a mistake check	4/22/2017 8:41 AM
36	I struggled with a few questions as they weren't applicable to both my employment streams. I have a very small but hopefully growing private practice and I work a treatment center 12-20 hrs a week. The sessions range from 50-110minutes. Severe cases are up to two years and simple cases can be 2-3 weeks. The survey doesn't allow for both.	4/22/2017 7:26 AM

40	Question #15 re average annual income should specifically state "as an LMFT."	4/21/2017 7:39 PM
41	For 85, I'd prefer to see the answer "as long as a practice in the state of California"	4/21/2017 6:27 PM
42	Would love more advocacy for allowing MFTs to work in a public school setting. I work in a non-public school setting providing mental health services to children with emotional disturbances. From talking to colleagues, I know there is a need for us in the public school setting but the PPS is a big roadblock. Programs that tout a PPS credential are prohibitively expensive (20K for a year of classes PLUS a non paid internship which requires taking significant off of paid work). The PPS permits the individual to work in the public school (thus earning more money and benefits) but many times the work is more academic counseling in nature. In connecting with folks at conferences, I've learned that there is a need for mental health services in the public schools and many kids are not getting services they need.	4/21/2017 6:16 PM
43	CAMFT needs to review its position on advocacy. Other medical professions have unions. Why not therapists?	4/21/2017 3:45 PM

46	No place to record calls to insurance companies to provider relations for practice information and demographic updates and problems getting 1099's at the end of the year.	4/21/2017 2:58 PM
47	Dues have skyrocketed. Not sure fees are worth the benefit, especially for my small practice. Glad to see some recent legislative victories finally. Thank you.	4/21/2017 2:39 PM
48	I would like CAMFT to work with private insurance co., and promote the idea that if licensed, and agree to terms, the therapist should be able to accept insurance co.	4/21/2017 2:38 PM
49	There are some problems with the design of this instrument	4/21/2017 2:31 PM

17	I would really like it if CAMFT would stop this antagonistic attitude toward managed care. It makes us look backward and needlessly negative.	4/21/2017 4:37 PM
